## The Woman's World

---

---

is the Greatest Advertising  
Medium in Existence

\$8.00 per line.

2,000,000 *paid in advance* subscribers.

This is the *highest* rate in the world.

This is the *lowest* rate per thousand circulation.

This is the *largest* circulation in the world.

In this 2,000,000 circulation there is *no duplication*.

Every copy goes to a *different home* direct from publication office.

The *contents* of the Woman's World are high class, appealing only to substantial people.

You can buy more circulation—*the best kind*—for the smallest cost than any other monthly magazine.

We can and *do prove* our 2,000,000 circulation.

We can and do prove the *quality* of our circulation as well—ask us, if you are interested.

These are a *few* of the reasons why the Woman's World should be the *first, the very first*, or if only one or two mediums are used, the *only one*, on the list of any national advertiser.

# The Boston Herald

(Daily and Sunday)

## *New England's Leading Newspaper*

It leads in News.

It leads in influence.

It leads in high class advertising.

It leads in purchasing power of readers.

It leads in number of readers who read  
but one paper.

It leads in results to advertisers offering arti-  
cles of merit.

## *It Leads From Every Point of View*

About 85 per cent. of its readers read no  
other newspaper, making it impossible to  
cover Boston or New England in an adver-

# OUR FRIENDS AND OURSELVES

**I**N December the Associated Sunday Magazines will be six years old. The circulation is now more than one million one hundred thousand each week and is rapidly growing. Let us account for ourselves and our friends—the readers of the Associated Sunday Magazines.

Sunday is the day when most people sit down quietly and think things over. They begin a new week with renewed hope, courage and purpose. They plan better conditions.

Sunday is the day when one has time to catch up a little with his reading, the day when a good story seems doubly good, a fine article specially important.

We know our readers—friends worth having—clean minded folk. They admire an attractive picture, cheer for a rattling story, applaud a fine sentiment, mightily relish good humor. But they won't stand scolding, abuse, or bad temper.

They want action, color, health, good cheer. There is never a sour or pessimistic note in our columns.

By the way, there are by actual count more words, which means a greater number of stories, more special articles, more short anecdotes, in four copies of the Associated Sunday Magazines than in any one issue of any of the standard monthly magazines.

While ago we took a straw vote to find out how long copies of the Associated Sunday Magazines lived—were kept in the house.

50 per cent. of our readers keep a permanent file.

20 per cent. keep the magazines until they are thoroughly read.

19 per cent. of our readers when they have finished pass the magazines on to their friends.

11 per cent. remaining cannot be classified under any general head.

This year our advertising receipts will amount to \$600,000 in round numbers, more than \$100,000 increase over 1908. All of our advertising (except the back cover) is printed on the text pages where it must be seen.

Our friends the advertisers present their announcements to more good magazine readers for less cost in the Associated Sunday Magazines than in any other national medium.

The value of the Associated Magazines' advertising columns is further multiplied because it is concentrated in the richest commercial territory in the United States.

Exact circulation statement, rate card, and copies of the magazine will be mailed to any advertiser on request.

THE HOME PAPER OF EAST ST. LOUIS, ILLINOIS

## The East St. Louis Daily Journal

FRANK P. FOX, Business Manager

Twenty-first Year

An Afternoon and Sunday Morning Paper

The circulation of the Daily Journal is greater than that of all other East St. Louis papers combined. Pursuing the policy of "All the news fit to print" the Daily Journal is welcomed in the homes, hence its title—the Home paper. If the Daily Journal circulated among the rabble on the streets its value as an advertising medium would be restricted. That it circulates in the homes, among the *buyers*, those people who have purchasing power, is *THE REASON IT PAYS TO ADVERTISE IN THE JOURNAL.*

TALK  
THROUGH  
THE  
MODERN  
PRISCILLA

Suppose *Some Big Telephone Company* offered you an opportunity to talk into a transmitter connected with wires leading direct into 233,989 homes, scattered from ocean to ocean; and guaranteed that the receiver of each instrument was being held to the ear of a woman.

*Would you have anything to say?*

The simile pictured here is a good one.

Our "transmitter" is *The Modern Priscilla*.

For twenty years there has been no magazine more closely identified with things dear to women. We guarantee that 233,989 women

are waiting, often *impatiently*, for this publication from month to month. *Each has paid for it a year in advance.* You can talk to these women for the small sum of \$1.00 a line.

They are good listeners, and whether you want them to buy direct from you or to buy your goods through the dealer, you will find them most satisfactorily responsive.

Don't take our word for this. Ask any first-class Advertising Agent, or any one of the hundreds of advertisers who are using *The Modern Priscilla*. Or, write to us for our "Advertising Digest," containing *the most exhaustive information about a magazine subscription list ever compiled by a publisher.*

Advertising forms for *The Modern Priscilla* close on the 20th of the *second* month preceding date of issue.

# REAL HOMES-- "JUST FLATS"

*In Which are You Trying To Sell Your Goods?*

¶ *Real* homes require furnishing, decorating, painting; they require heating, lighting plumbing and water supply systems.

¶ The occupants of *real* homes are the *purchasers* of all these things. The occupants, themselves, require food, clothing and amusement.

¶ Flat-dwellers may *sleep* in their flats. But they eat in restaurants, go outside for amusement, and their landlords provide practically everything but wearing apparel.

¶ Home-dwellers, not flat-dwellers, constitute 85 per cent. of the subscribers of Success Magazine. They live where *real* homes *abound*, in the suburbs of large cities, and in the smaller cities, towns and villages.

¶ More than two hundred thousand of them pay one dollar *in advance* for twelve issues of "Success Magazine." Twenty thousand have paid for a Life Subscription. Nearly fifty

thousand copies are sold through the news companies.

¶ The *great* strength of Success Magazine lies in those two hundred thousand, and more, who have decided what they *want* in periodical literature, and who possess the means to pay *in advance* for the convenience of having it delivered to their *homes*.

¶ These homes are good homes—better than average.

¶ The literary standard of Success Magazine, the high character of its stories and articles, make it appeal to people of more than average intelligence, *more than average earning capacity*.

¶ Names and addresses of subscribers in any town furnished on request.

¶ It *costs* no more to reach real homes than to reach "just flats." But it's *worth* more to advertisers to reach *real homes*.

**FOREIGN PUBLICATIONS.** American Advertisers often overlook the fact that the foreign publications of this country cover a very extensive field. If you want to reach a class of people that are progressive, intelligent and wide-awake, we can get you in touch with just such a class. The Finnish Population of the United States and Canada is about 500,000. Advertising with us will mean the getting of your products into the homes of these thrifty people. The Finns read and re-read everything they see in a paper and advertising with us will mean much more than advertising with a publication in the English Language having the same circulation that we have. **What We Have To Offer You:** We are the publishers of the only Finnish Daily Newspaper published in America. Just think what that means in itself! We also publish the only Finnish Agricultural Newspaper in America. Does that mean anything? Just send along your letter asking for our rate card. We are positive that we can come to terms.

# The New Orleans States

The Most Popular Afternoon Paper in the Crescent City

23,000 Daily Guaranteed

*The Largest Paid WHITE Circulation of any Evening Daily in New Orleans*

New Orleans has several excellent daily newspapers, but three are given a definite circulation by the American Newspaper Directory. The daily and Sunday issues of The States, with prestige of 26 years, stand upon their merit, showing 23,000 daily average. Since 1896 The States has increased its circulation fully 50 per cent.

Its growth has been of a conservative, business-like quantity, the kind which gets permanent, clean business for local and general advertisers. The States employs no questionable methods in getting or holding circulation; it is a metropolitan newspaper in all the words imply, produced by legitimate efforts and fully appreciated by a respectable, substantial, money-spending clientele, representing 90 per cent. of the English-speaking white population. The States should prove the logical and most productive advertising medium in Louisiana for any meritorious article.

Why? Because advertisers have learned for themselves that the TIMES is an absolute necessity if they would move their goods in this great section with the maximum of rapidity at the minimum of expense.

The PRINTERS' INK Guarantee Star is the advertisers' positive assurance that the published circulation figures of the TIMES are correct. And the PRINTERS' INK Gold Marks indicate that advertisers value the TIMES as much for the *quality* of its circulation as for the quantity. (See "Roll of Honor.")

## Mr. SPACEBUYER:

### Do You Know That

Only one city in the world—Chicago—is younger than Cleveland and also larger. Yet Cleveland, although it is the most populous lake port except Chicago and the chief city of Ohio, is less noted for its rapidity of growth than for its wealth, prosperity, civic spirit, enterprise, business solidity and widely diffused thrift. Few cities equal it in savings banks, fewer in homes owned by the families that occupy them. The average purchasing power of the people of Cleveland is very great and their standard of living is high.

In this great business district no other newspaper has held so high and commanding a position, for the last half century, as the *Cleveland Leader*. No other journal has so steadily, so clearly and so successfully spoken for the most influential, prosperous and progressive part of the city. No other advertising medium in Cleveland has been so well patronized so long. No other paper has the confidence of its readers in higher degree or fuller measure. To reach the best buyers in the great Cleveland district use the strongest and most independent newspaper representative of the dominant party in Ohio—the *Cleveland Leader*.

Present circulation in excess of 12,700 daily and continually growing. Guaranteed the second largest *paid* circulation in Scranton or no pay. The "Tribune" and one other paper the only papers to carry full space of local merchants. Only one-cent morning paper in its field.

### SCRANTON, PA. "TRIBUNE"

### CHARLESTON, S. C. "NEWS & COURIER"

THE DAILY AND SUNDAY  
**St. Louis Star**

AS A LEWIS PUBLICATION  
 HAS CREATED A BIG CHANGE IN ST. LOUIS  
 DAILY NEWSPAPER CONDITIONS

**T**HERE is a dynamo of energy behind the St. Louis STAR. It is this forceful and well directed energy, plus ability to do things, that has pushed the paper to the front and has made it an essential factor to the success of advertisers desiring St. Louis publicity.

The St. Louis STAR carries no objectionable advertising—medical or otherwise—and is now known as

THE CLEANEST LOOKING DAILY NEWSPAPER  
 I N S T . L O U I S

We have built up a big following among women, and as a consequence the St. Louis STAR is getting more home subscriptions—copies delivered direct to the homes by carriers—than any other daily newspaper in St. Louis.

In making the St. Louis STAR the best newspaper of St. Louis, we recognized the fact that home subscriptions make the only solid basis from the advertiser's standpoint, and struck out along lines that would insure a solid, substantial growth in that direction.

If you will look over the contents and study the general character of the paper, you will understand why

THE ST. LOUIS STAR is the HOME NEWSPAPER  
 O F S T . L O U I S

And why when it goes into these homes it wields an influence and enjoys a prestige with its subscribers that could not be maintained by a newspaper less careful of the class of advertising and news matter that go to make up its contents.

Advertisers who wish to reach St. Louis homes through a wide-awake, up-to-date, but, at the same time, a clean and conservative newspaper, cannot afford to overlook the St. Louis STAR. If you will communicate with some of your local connections we are sure that a very interesting report will be made on the strength and energy of the St. Louis STAR and the personality that is now behind it.
